## Important information on company succession

Glauchau, 10.12.2024

Dear Customers and Business Partners

Today we would like to inform you that we will pass the baton to the third generation of Gesau-Werkzeuge, Fabrikations- und Service GmbH to the newly founded Gesau Technology GmbH on 1 January 2025.

We, the shareholders and managing directors Mrs Kerstin Milenkov and Mr Ulf Köhler, have been preparing this decision for a long time. It is our wish that there is a perspective in the form of an owner-managed company rooted in the region, as we have done for the last 30 years and as Mrs Milenkov's father, Mr Peter Wenzel, has done since 1980.

In Mr Norman Hofmann we have found a young man who has made this his goal and who is prepared to take on responsibility and risk. It is both a pleasure and a commitment for him to build a successful business relationship with you and to achieve new goals together.

In a notarised contract between Gesau-Werkzeuge, Fabrikations- und Service GmbH and Gesau Technology GmbH, the basis has been created to ensure that all rights and obligations for a smooth transition can be fulfilled.
